Hi Ellen,

Attached is the early conversation, below is a summary of that conversation and its timeline.

- March 1, 2018 Patti Spindler and Krista Osterberg reached out for a meeting on appendix B "SURFACE WATERS AND DESIGNATED USES" of ADEQ's water quality standards. (attached March 1 email)
- March 12, 2018 Sam, Dave Smith, Janet, Kimby, Elizabeth Goldmann, Rob, myself, and PK joined ADEQ to discuss the attached March 1 and March 9 emails.
- March 20, I met with ADEQ's Jade Dickens, Rik Gay, and Jason Sutter prior to the start of the ADEQ water grants mid-year review and negotiation meeting. Patti Spindler provides EPA the full list and rationale of waters which I shared with Kimby and Rob. Rob begins his review the information provided. (attached March 26th email)
- April 9, EPA internally meets (Sam, Janet, Kimby, Rob, myself) to discuss a response which leads to the email Rob shared with Patti Spindler
- April 20, At Trevor's request, on the ADEQ/EPA monthly call, for clearer guidance Mike agrees to provide "a response" to ADEQ.

For your reference:

- Attached is a recent ADEQ organization chart, Richard "Rik" Gay is now the head of the Water Quality SW Monitoring & Assessment.
 - Jason Sutter began the kickoff of the most recent Triennial Review
 - Rik is tasked with wrapping it up TR; AZ usually includes all standards actions in its TR.
- AZ 2016 standards <https://www.epa.gov/sites/production/files/2014-12/documents/az-chapter11.pdf>
- AZ 2009 standards http://legacy.azdeq.gov/envirom/water/standards/download/SWQ_Standards-1-09-unofficial.pdf

Thank you,
Matt
